| Title                                                                                                                                       | URL | Authors          | Host item title |
|---------------------------------------------------------------------------------------------------------------------------------------------|-----|------------------|-----------------|
| Algorithms for the Level-1 trigger with the HGCal calorimeter for the CMS HL-LHC upgrade                                                    |     | Prvan, Marina    |                 |
| Mjerenje mase Higgsovog bozona u kanalu raspada na četiri miona s CMS eksperimentom u LHC-u                                                 |     | Ivas, Leo        |                 |
| Measurements of Higgs boson properties in the four-lepton channel in pp collisions at centre-of-mass energy of 13 TeV with the CMS detector |     | Šćulac, Toni     |                 |
| Identifikacija elektrona za okidač kalorimetra visoke granularnosti detektora CMS                                                           |     | Giljanović, Duje |                 |
